| Institutional Review Board | 67 |
Welcome to Missouri S&T!

We are delighted that you are here. Missouri S&T is committed to helping you succeed. In this Handbook you will find the resources that will not only help you become familiar with the campus, but also will enhance your teaching, research, and service endeavors.

The following pages identify resources ranging from a map of the campus and a directory of contact information for key offices on campus to the schedule of Early Career Faculty Forum events for the academic year and some helpful tips on teaching. Some of the offices identified in the handbook will have representatives at the New Faculty Orientation resource fair on Friday.

All of us in the Center for Advancing Faculty Excellence are ready to assist with any questions that you have as you begin your careers at Missouri S&T. As our mission statement makes clear, we promote “the success of Missouri S&T faculty as teaching-scholars at all stages of their careers.”

We look forward to meeting you and getting to know about your goals and how we can assist you in reaching them.

Sincerely,

Larry Gragg, CAFE Chair
lgragg@mst.edu, ext. 4804

Wayne Huebner, CAFE Co-Chair
huebner@mst.edu, ext. 6129

Abby Bigg, Coordinator

Missouri S&T campus is located off Interstate 44 at exit 183.
Missouri University of Science & Technology
Mission, Vision & Values
More info on www.mst.edu/about

Mission
Missouri S&T integrates education, research, and application to create and convey knowledge that serves our state and helps solve the world’s great challenges.

Vision
Missouri S&T will be the leading public technological research university for discovery, creativity and innovation. We will cultivate curiosity, creativity, and confidence in our graduates. We will be the institution of choice for partners around the world seeking a highly qualified, talented and entrepreneurial workforce; innovative research; relevant educational programs, products and services; and technology and ideas to solve the great challenges of our time.

Values
*LifeLong Success*
We add exceptional value. The rewards of the Missouri S&T experience extend far beyond a college education, valued degree, or gratifying career. The S&T experience prepares you for a fulfilling life defined by the confidence to succeed, a desire to excel and a love of learning that never stops.

*Creativity*
We are innovators. Building a better world demands a creative spark, innovative and entrepreneurial approaches, and curiosity to discover and explore new solutions to the world’s great challenges.

*Integrity*
We hold ourselves accountable for our actions. We strive to uphold the highest ethical standards, to conduct ourselves with trustworthiness and respect for all of humanity, and to instill in our campus community these same principles.

*Sustainability*
We live by example. As stewards of the public goodwill, the financial resources entrusted to us, and the environment, we emphasize resilient and sustainable practices in all our endeavors.

*Partnerships*
We are great partners. We focus on adding value and creating mutually beneficial partnerships. The solutions to today’s great challenges require agile collaboration, teamwork and engagement with our stakeholders, both on campus and in the greater business, civic, national and international communities.

*Inclusion*
We are inclusive, welcoming community. We seek to build a creative learning environment marked by openness, understanding and valuing all people and perspectives.
Missouri S&T at A Glance

- 1870 - Founded as Missouri School of Mines and Metallurgy
  - The first technological university west of the Mississippi River
  - Phelps County beats Iron Country to get university with a bid of $130,000 to the state
- Degrees include metallurgical, mining, and civil engineering & applied chemistry
- 1874 - First graduating class of 3 students (2 civil engineers, 1 mining engineer)
- 1920s - Expanded to include electrical, chemical, ceramic, and mechanical engineering plus physics and geology
- 1964 - Name changed to University of Missouri at Rolla (soon changed to University of Missouri-Rolla)
  - Full range of engineering and science degree programs are offered
- 2008 Name changed to Missouri University of Science and Technology

FALL SEMESTER 2018

International Student Orientation: August 7, Tuesday
Freshman Orientation Begins: August 12, Sunday
Transfer Transitions: August 15, Thursday
Open Registration Ends: August 19, Sunday
Fall semester opens 8:00 a.m. : August 20, Monday
Classwork begins 8:00 a.m.: August 20, Monday
Labor Day Holiday: September 3, Monday
Mid-Semester: October 13, Saturday
Thanksgiving vacation begins 8:00 a.m.: November 18, Sunday
Thanksgiving vacation ends 8:00 a.m.: November 26, Monday
Last Class Day: December 7, Friday
Final Examinations begin 7:30 a.m.: December 10, Monday
Final Examinations end 5:00 p.m.: December 14, Friday
December Commencement - 10am. Graduate and Undergraduate Degrees in Designated Departments: December 15, Saturday
December Commencement – 3:30pm Graduate and Undergraduate Degrees in Designated Departments: December 15, Saturday

SPRING SEMESTER 2019

International Student Orientation: January 7, Monday
Open Registration Ends: January 21, Monday
Martin Luther King, Jr. Recognition Holiday: January 21, Monday
Spring semester opens 8:00 a.m.: January 22, Tuesday
Classwork begins 8:00 a.m.: January 22, Tuesday
Mid-Semester: March 16, Saturday
Spring Recess begins 8:00 a.m.: March 14, Thursday
Spring Recess ends 8:00 a.m.: March 18, Monday
Spring Break begins 8:00 a.m.: March 24, Sunday
Spring Break ends 8:00 a.m.: April 1, Monday
Last Class Day: May 10, Friday
Final Examinations begin 7:30 a.m.: May 13, Monday
Final Examinations end 5:00 p.m.: May 17, Friday
Spring Semester closes 6:00 p.m.: May 17, Friday
May Commencement - 10am. Graduate and Undergraduate Degrees in Designated Departments: May 18, Saturday
May Commencement – 3:30pm Graduate and Undergraduate Degrees in Designated Departments: May 18, Saturday

*SUMMER SESSION 2019

Open Registration Ends: June 2, Sunday
Summer session opens 8:00 a.m.: June 3, Monday
Classwork begins 8:00 a.m.: June 3, Monday
Independence Day Holiday (observed): July 4, Tuesday
Final Examinations begin 8:00 a.m.: July 25, Thursday
Final Examinations end 12:30 p.m.: July 26, Friday
Summer Sessions closes 12:30 p.m.: July 26, Friday

*Schedule shows the regular eight-week Summer Session. Other special four-week course sessions may be scheduled.

Resources for Faculty
New Faculty Checklist

The following suggestions are provided to help new faculty acclimate to campus:

Attend New Faculty Orientation - August 16 & 17 (contact cafe@mst.edu for more information)

Attend Early Career Faculty Forums - Every other Wednesday from 4-5PM (see page 16 for a full schedule)

Getting settled on campus
- Get ID card at Centennial 107
- Set up email account – IT Help Desk
  - Accounts and Passwords
- Register laptop, tablet, phone through the IT Help Desk
  - email ithelp@mst.edu, call (573) 341-4357, or stop by Library 1st Floor
- Contact your department Admin for:
  - Getting set up on the S: Drive
  - Keys to your office
  - Parking Information

Teaching Information
- Textbooks for class – check with Department Admin and then contact the S&T Store by emailing David Wilson at wilsonge@mst.edu, or calling (573) 341-7523
  - S&T Store Resources
- Complete FERPA Training through the Registrar (registrar@mst.edu) – allows you access to Joe’SS and Canvas
  - Complete training for Joe’SS through Registrar’s Office by calling (573) 341-4181 or email registrar@mst.edu.
- Your classroom locations (for more information contact registrar@mst.edu)
  - All Things Registrar Video Resources
- Complete classroom walk-through – contact Angie Hammons for all of the following needs (hammonsa@mst.edu)
  - Work with Instructional Design Services to understand classroom technology
  - Request specialized software for course – Instructional Design Services
  - Learning Technologies – Instructional Design Services
    - Learning Management System - Canvas
    - Teaching Technology Tools
Faculty Information

- Faculty Governance

- Work Authorization
  - H1-B Visa Petitions
  - Permanent Residence

Campus Information

- Sign up for the monthly CAFE newsletter: Click here, or visit cafe@mst.edu and click “sign up for the CAFE newsletter”

- Sign up for the Missouri S&T eConnection, the primary source of campus news. Click here, or visit econnection.mst.edu and click “subscribe” on the right side of the page.

- Sign up for Missouri S&T’s Mass Notification System, designed to alert the campus community to a potential emergency situation via SMS, phone, and email. Click here, or visit https://mstalert.com/signup

- Download the Rave Guardian app, which turns your smartphone into a personal safety device. Click here, or visit http://mstalert.com/rave-guardian/

Early Career Faculty Forums

Purpose:
The early career faculty forums serve as an extension of New Faculty Orientation to promote faculty success; balance between research, teaching, and service activities based on your stage of career, and to familiarize you with unique aspects of S&T culture and available resources.

Value:
Faculty who regularly attend the early career faculty forums will be able to:

1. Develop usable products during the sessions that can be applied to promote student and faculty success
2. Navigate the Missouri S&T culture and available resources, as well as network and connect with colleagues
3. Refine skills for effective teaching and enhanced student learning
4. Assemble an effective promotion and tenure dossier

Schedule:
All early career faculty are invited to attend the forums, which take place every other Wednesday from 4PM – 5PM. Note the location and topic of each forum on the next page.

Information Technology

IT Help Desk
Get over the phone troubleshooting and support. IT Help Desk representatives can assist you over the phone or schedule a support technician to visit your office.

Call: (573) 341-HELP (4357)
Email: ithelp@mst.edu
Visit: 1st Floor Library (enter main entrance, turn left)
Hours: 8:00 - 5:00 Monday-Friday
Submit a ticket online at help.mst.edu

Additional Services
- Desktop Enhancement Program provides a new computer for full-time employees on 4 year replacement cycle
- IT Asset Management procures computing hardware and software
- Operating System Installation
- Data Backup
- Virus and Malware Removal
- Hardware Repair and Upgrade
- Software Install and Upgrade
Professional Development Travel Funds for Early Career Faculty

**Purpose**
This fund is available for early career faculty to travel to a conference or workshop that will benefit your professional development or to meet with fund managers.

**Eligibility**
All full-time, pre-tenure tenure track and pre-promotion non-tenure track faculty are eligible to apply.

**Funding:**
Up to $1,000 per academic year can be requested to support registration fees, airfare, hotel, and per diem to travel to a conference, workshop or to visit with fund managers. If the total cost exceeds $1,000, you may want to seek matching funds from your department or college. Applications will be accepted on a rolling basis as long as there are available funds.

**Application Process**
Prepare a one-page, single-spaced proposal which clearly identifies the conference or workshop name, location, and dates, or the location of the fund manager(s). Provide a description of how the activities will benefit your professional development. Preference will be given to conferences, workshops, and activities that offer multiple opportunities for development. Submit your proposal to cafe@mst.edu or mail to 207 Norwood Hall.

**Evaluation**
Awards will be determined based on:
- Potential benefits from the conference, workshop, or visit to fund managers. Presenting your research, networking, and investigating ways to serve on technical or professional committees within a professional society are examples that will help your proposal.
- Your participation in Early Career Faculty forums (every other Wednesday at 4 pm)
- Explanation of how your participation in the conference, workshop, or visit with fund managers fits into your overall plan for achieving your goals.

**Expectations:**
If your request is funded, a one-page report describing the conference activities and outcomes is required upon return from your trip. Every year we invite some awardees back to the Early Career Faculty Forum to discuss your experiences with the next class of new faculty.

Questions can be directed to the CAFE office by emailing cafe@mst.edu, calling (573) 341-6713, or visiting 207 Norwood Hall.
Academic Advising Handbook

The Undergraduate Advising Office offers an Academic Advising Handbook to assist faculty and students with the collaborative practice of academic advising as part of the educational process at Missouri S&T. The handbook serves as a resource to assist with student academic planning and success. Excerpts of the handbook are below, and the full handbook can be found here: http://advising.mst.edu/handbook/home

Mission
The mission of academic advisors at Missouri S&T, whether faculty or staff, is to provide the most accurate and informed guidance in the most efficient, accessible and comprehensive manner possible to students on their road to obtaining and achieving meaningful, realistic short and long term educational goals.

Academic Advising Guidelines for Advisors
1. Endeavor to know his/her audience well enough to be able to write a cogent letter of reference if requested to do so.
2. Exhibit good listening and questioning skills in order to identify academic and/or personal problems which may affect academic performance
3. Discuss career options and interest as they may related to the student
4. Assess the student’s ability to successfully complete the proposed academic load and offer suggestions for modification when appropriate.
5. Be aware of campus facilities and resources which are in place to assist students and be prepared to refer students to these programs when appropriate. Offer to assist in making appointments and follow ups as appropriate.
6. Be generally aware of campus rules and procedures related to academic matters. Examples include, but are not limited to, add/drop procedures and deadlines, change of grading option and probationary rules.
7. Be very familiar with the curriculum in which he/she is advising so that students can be assisted in a selection of courses resulting in a degree or other educational goals.

Miner Master Mentors (M³)

History
The findings from a gap analysis of faculty professional development, conducted by CAFE in 2017, found that approaches to mentoring faculty at Missouri S&T varies across academic departments. In order to enhance a culture of mentorship on campus, Master Mentors are available as a resource to all Missouri S&T faculty beyond their departmental resources.

Purpose
The Miner Master Mentors (M³) program provides confidential mentoring to all faculty by a cadre of accomplished and respected Missouri S&T faculty who promote faculty success. The Master Mentors have a collective breadth of expertise to provide meaningful advice and accurate information regarding all aspects of faculty professional development, including:

- Teaching & Student Success
- Research & Scholarship
- Leadership & Service
- Promotion & Tenure
- Non-Tenure Track Promotion
- Early Career Challenges
- Service Learning
- And more

Eligibility
Faculty at all stages of career are welcome to participate, including tenure-track, tenured, non-tenure track, and contingent faculty at Missouri S&T.

Expectations
This program is completely voluntary and confidential for mentees, who initiate contact with Master Mentors and seek out services based on their need. Mentees are welcome to meet with Master Mentors within or outside of their home department or college.

For improvement purposes, each semester the Master Mentors will report to CAFE the topics for which help was sought, but any individually identifying information, such as names or departments, will not be shared to maintain confidentiality of mentees.

More Info
The Master Mentors and the Center for Advancing Faculty Excellence promote the success of every Missouri S&T faculty member. For a full list of Master Mentors and how to contact them, visit:
cafe.mst.edu/mentoring/minermastermentors/

Center for Advancing Faculty Excellence

Purpose
CAFE promotes the success of Missouri S&T faculty as teaching-scholars at all stages of their careers. Whether you are a new faculty member, mid-career, a department chair, or non-tenure track faculty, we have a range of events, resources and funding opportunities available for you.

Events
CAFE hosts a variety of events throughout the academic year. For a full list of events, visit cafe.mst.edu
- Early Career Faculty Forums
- Curators’ Distinguished Teaching Summits
- Conversations at Work – sharing useful technologies
- Lunch & Learn events
- Promotion & Tenure workshops
- Non-tenure track faculty events

Resources
- CAFE Library: Stop by to borrow a book from our library. View a list of resources here: https://cafe.mst.edu/teachingandstudentlearning/cafelibrary/

“This is truly a special educational setting, and I’ve never felt more supported by an institution in my teaching career than I have in my brief time at Missouri S&T.”

Taylor Gruenloh, lecturer of arts, languages and philosophy
Library Liaisons

Library Liaisons are available to faculty to answer questions and provide information such as:

- expertise on library services, such as e-resources, interlibrary loan, reserves, and more
- Keep departmental faculty and students up to date on library services and resources
- Offer research training for students
  - Library instruction classes
  - Small group sessions
  - One-on-one tutorials for in-depth help
- Seek faculty suggestions regarding the purchase of materials
- Work with departmental liaisons regarding their students’ and colleagues’ information needs

Curators' Distinguished Professors: A Campus Resource

Curators’ Distinguished Professor and Curators’ Distinguished Teaching Professors hold the highest faculty ranks in the UM system. These positions are equivalent to titles such as Regents’, University, or Distinguished Professor on other campuses. Any Curators’ Distinguished Professor or Curators’ Distinguished Teaching Professor should be willing to offer advice or mentoring to early-career faculty.

Curators’ Distinguished Professors

- Muthanna Al-Dahhan of Chemical & Biochemical Engineering
- S.N. Balakrishnan of Mechanical & Aerospace Engineering
- Martin Bohner of Mathematics and Statistics
- Richard K. Brow of Ceramic Engineering
- Joel Burken of Civil, Architectural, and Environmental Engineering
- K. Chandrashekhar of Mechanical & Aerospace Engineering
- Alfred L. Crosbie of Mechanical Engineering
- Lokesh Dharani of Mechanical Engineering
- James Drewniak of Electrical Engineering
- William Fahrenholtz of Ceramic Engineering
- Greg Hilmas of Ceramic Engineering
- Nicholas Leventis of Chemistry
- Don H. Madison of Physics
- John McManus of History
- Michael Schulz of Physics
- Jay Switzer of Chemistry
- Thomas Vojta of Physics

Curators’ Distinguished Teaching Professors

- Diana Ahmad of History
- James S. Drallmeier of Mechanical and Aerospace Engineering
- Xiaoping Du of Mechanical & Aerospace Engineering
- David Riggins of Mechanical and Aerospace Engineering
- V.A. Samaranayake of Mathematics and Statistics
- David C. Van Aken of Materials Science and Engineering
Accent Modification Program

Purpose:
Accent modification classes are designed to advance cultural diversity and understanding by improving overall communication between students and faculty, increasing active participation in campus dialogue, and by promoting confident communication. Since its inception over ten years ago, 123 international faculty members from 27 countries have voluntarily participated in this class.

Who Can Participate?
- Ranked faculty in teaching positions
- Tenure track faculty
- Tenured faculty
- Post-Doctoral faculty in teaching positions (upon approval)

Objectives:
- Improve overall presentation skills
- Improve voice projection in the classroom
- Improve American intonation skills
- Improve pronunciation of difficult American vowels and consonants
- Improve classroom management skills
- Improve electronic communication skills

Enrollment:
Classes are free of charge and conducted on an individual basis for 14 weeks, at the convenience of the participant. Enroll directly with Mrs. Vicki Hopgood at: hopgoodv@mst.edu

Contact Information:
Vicki Hopgood
Speech Pathologist
Southwestern Bell Cultural Center
Room 106
hopgoodv@mst.edu
573-341-7542
http://international.mst.edu/facultyandadministration/accentmodificationprogram/

“This is an excellent source to improve communication skills. Vicki does an outstanding job in identifying the accent problems on an individual basis and comes up with viable approaches to fix them. Overall this program is very effective. I strongly recommend this program.”

K. Chandrashekhara, Ph.D. (India)
Curators’ Distinguished Professor
Mechanical & Aerospace Engineering
Working with the Media

---

WHEN A REPORTER CALLS

If you are called by a reporter, you should:

- Ask the reporter to identify himself or herself, and the news organization he or she represents. Then ask for a phone number where he or she may be reached, tell the reporter you'll return the call, and then call the Missouri S&T Public Relations staff at 573-341-4328 for assistance. The PR staff can brief you on how to handle a media call.

- Once you return the reporter's call, identify yourself and your affiliation with Missouri S&T.

---

TIPS FOR TALKING TO THE NEWS MEDIA

- **Be prepared.** Think about what questions might be asked. The Missouri S&T Public Relations staff can help you prepare for an interview.

- **Get the important facts out first.** Know key points you want to make, then make them up front.

- **Don't speculate** or respond to hypothetical questions. If a reporter asks you what might happen under various hypothetical circumstances, simply decline to engage in speculation. Instead, emphasize facts.

- **Don't go “off the record.”** Never use this term. In interviews, there is no such thing as off the record.

- **Always tell the truth.** If you mislead a reporter, you lose credibility. That hurts you as well as the university.

- **Address issues from the public’s perspective.** You will establish better rapport with the reporter if you talk about the issues in terms of what the public wants to know.

- **Be conversational.** Don't memorize your lines or read text for face-to-face interviews. Think first, talk later.

- **Don't fill conversation gaps.** After you've answered a question, simply wait for the next one. Reporters know that if they wait a bit most people will feel obligated to fill the gap by offering additional information.

- **Avoid jargon.** Don't expect a reporter to understand your buzzwords, acronyms and specialized terms. Keep it simple.

- **Don't evade.** If you don't know the answer to a question, say so. If it's an important question, tell the reporter you'll get the answer later. Then do it.
Study Abroad- where life-changing adventures begin

Below are answers to frequently asked questions regarding S&T students studying abroad.

- Students can choose from more than 100 short term or semester long programs in 40 countries. Short term programs include Missouri S&T faculty led programs during the summer or a break between semesters. Semester or year programs allow students to study at a foreign university.
- Whether for a week, a semester or a year, studying abroad is a life changing experience!
- Students from ALL degree plans can study abroad
- Students remain fully enrolled at S&T during their semester abroad
- Students studying abroad for a semester are charged for 15 undergraduate or 9 graduate credit hours at the Missouri resident rate
- Students generally remain eligible for financial aid and scholarships- students are referred to speak to the Student Financial Assistance Office about their particular aid

What do students gain from studying abroad?
- Discover another culture first hand, new ways of thinking and new ideas
- Learn to work in diverse groups
- Make life long connections around the world
- Gain independence
- Learn new language skills
- Broaden worldview
- Become more marketable to employers
- Exposure to new teaching and learning styles

The optimal time for a student to study abroad is their sophomore year or the first semester of their junior year.

What steps should students take to study abroad?
- Attend one of the weekly information sessions – Dates are posted in the Student e-Connection and on studyabroad.mst.edu
- Visit globalminers.mst.edu to view the programs available
- Research the school, courses offered, academic calendar, cost (available in the online brochure)
- Begin an application- we recommend starting with their top three choices of location/school
- Speak with their academic advisor & professors about the courses they hope to take

What role does the faculty and advisors have?
- Encourage the students- talk about your own experiences abroad
- Offer advice about universities or countries you may be acquainted with that are a part of the S&T study abroad program
- Review the student’s academic plan for courses abroad, provide advice or insight
- Assist the student in selecting courses at the host university and how each course applies to the student’s degree program
- If appropriate, sign the students Application for Credit

Students should be encouraged to study abroad in programs through Missouri S&T’s Study Abroad. Students who participate in programs not recognized by Missouri S&T may not remain fully enrolled at S&T and may not be eligible for financial aid.

To learn more about the study abroad programs available go online to globalminers.mst.edu. For more information or to meet with the study abroad coordinator, please email studyabroad@mst.edu or call 573-341-6237.
Missouri S&T Policies
The Collected Rules and Regulations (CRR) are the set of policies that govern the operation of the university. They describe everything from the membership in the Board of Curators’ to the types of benefit plans that are available to faculty and staff.

The most important section for new faculty is “Faculty Bylaws and Tenure Regulations.” This section describes tenure track and non-tenure track positions along with the criteria for tenure and promotion. The Collected Rules also specify the grievance procedures and conditions for termination.

The Chapter 300: Faculty Bylaws link takes you to the bylaws specific for Missouri S&T. The Chapter 310: Academic Tenure Regulations takes you to information on making tenure at Missouri S&T.
Faculty Senate

Website: http://facultysenate.mst.edu/

The Faculty Senate is the legislative and policy-making body of the General Faculty. It carries out the functions and responsibilities assigned to it by the General Faculty and shall consider all matters referred to and by the Board of Curators, the President of the University, the Chancellor, and individual faculty members. The Faculty Senate, acting in accordance with the Rules and Regulations of the Board of Curators and the General Faculty, formulates, recommends and assists in the implementation of policies concerning the educational and research operations of the campus and other matters affecting the welfare of the campus, the faculty and students.

The following standing committees exist within the Faculty Senate. For committee reports and meeting information, visit http://facultysenate.mst.edu/standingcommittees/

- Academic Freedom & Standards
- Administrative Review
- Budgetary Affairs
- Committee for Effective Teaching (CET)
- Curricula
- Discipline Specific Curricula Committee (DSCC)
- Facilities Planning
- Honorary Degrees
- Information Technology / Computing
- Intellectual Property
- Library & Learning Resources
- Personnel
- Public Occasions
- Rules, Procedures & Agenda
- Student Affairs
- Student Awards & Financial Aid
- Tenure

Family Educational Rights & Privacy Act of 1974 (FERPA)

The intent of FERPA is to protect the rights of students and to insure the privacy and accuracy of education records. FERPA applies to all institutions that are recipients of federal aid administered by the Secretary of Education.

What is it?  A Federal law designed to protect the privacy of educational records, to establish the rights of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate and misleading data through informal and formal hearings.

Who is covered?
Any individual who is or has been in attendance at an institution, in person or by correspondence, regardless of their age or status in regard to parental dependency is covered by FERPA.

Students rights:
- To inspect and review their educational records.
- To seek to amend their educational records.
- To have some control over the release of information about their educational records.

You CAN release:
- Directory information, unless a student has asked that it not be shared.
  - The registrar’s office flags students in Joe’Ss (the window shade) who do not want their information released to the public.
  - If you encounter this flag, say, “I’m sorry, but I have no information to release on that individual.” Do NOT say anything that indicates that this person is a Missouri S&T student.

You CANNOT release a students’:
- Social security number
- Student number
- Race/ethnicity/nationality
- Gender
- Student Class Schedule
- Grades
- Other “personally identifiable” information without the students’ written consent.

Based on the presentation “FERPA for Advisors” by the Registrar’s Office available at http://registrar.mst.edu/ferpa/index.html

equity.mst.edu

What We Do
- Equity and Title IX is charged with ensuring Missouri S&T’s compliance with University of Missouri System policies and procedures, state and federal statutes and regulations, in the areas of Title IX, civil rights, and equal opportunity. The department serves as a resource to students, faculty, and staff in education, prevention, and investigation of sexual violence, and other possible violations of the university’s non-discrimination policies.
- The department facilitates the development of a more diverse, inclusive campus through its administration of the university’s Affirmative Action Plan and assurance of Equal Opportunity in faculty and staff recruiting. Equity and Title IX also works with current faculty, staff, and visitors in appropriately exercising their rights under the Americans with Disabilities Act.

Title IX
- Under Title IX of the Education Amendments of 1972- "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."
- All University of Missouri students, employees (faculty and staff), volunteers and visitors are protected under Title IX.
- Any employee of the University who becomes aware of sex discrimination as defined in the Sex Discrimination, Sexual Harassment and Sexual Misconduct in Education/Employment Policy (including sexual harassment, sexual misconduct, stalking on the basis of sex, dating/intimate partner violence or sexual exploitation) is a Mandated Reporter, regardless of whether the recipient of the behavior is a student, employee, volunteer or visitor of the University.
- Contact our office at 573-341-7734 or use one of the reporting options listed at equity.mst.edu if you ever need to report an incident, or have questions about a possible violation.

Training and Outreach
- We provide trainings for Title IX related topics to ensure that our campus is prepared to foster an equitable, inclusive and safe environment.
- We also offer trainings on diversity and inclusion, covering its impact in the university setting and offering strategies to make S&T a welcoming place for all faculty, staff, students, volunteers and visitors.
- If you would like to request a training that is unique your needs, or want to learn about training opportunities, contact our Training & Program Development Coordinator via email at equity@mst.edu or by phone 573-341-7734.
Purchasing

Contact Information:
Wade Jadwin, Strategic Sourcing Specialist
G5C Campus Support Facility
(573) 341-4049
jadwinw@umsystem.edu
https://it.mst.edu/services/purchasing

Key Takeaways:

- **Bid Limits/Requirements:**
  - Any purchase over $10,000 including installation and transportation (regardless of grant status) must be coordinated with the purchasing office. Contact Wade Jadwin
  - Bid/proposal process will take a minimum of 2 weeks. Actual time-frame will be determined by the complexity of the project.

- **Sole Source Justification**
  - Any purchase over $10,000 requires either the bid/proposal process or a sole source approval (regardless of grant status).
    - Approval requires: justification that there is only one product that will meet your specific needs and that there is only one manufacturer and/or distributor of that product. Lowest price does NOT justify a sole source. Requests to be approved by Wade Jadwin.

- If approved by your department, Missouri S&T does make available a University credit card as one method for purchasing items under $5,000.
  - Information on how to apply for a card along with all guidelines related to the OneCard can be found at: https://www.umsystem.edu/ums/fa/procurement/card/one_card

- **Show Me Shop (SMS)**
  - Preferred method of shopping for items sourced from the suppliers currently participating.
  - Departmental administrators can assist in gaining access for shopping.
  - SMS suppliers currently include commodities such as scientific products, office products, computers, lab supplies, books, etc.

- **Signature Authority**
  - Faculty members do NOT have signature authority. Any document related to a purchase that requires a signature must be processed through the purchasing department. These documents include but are not limited to terms and conditions of sale, agreements, license agreements, and service agreements.

Mission
The Division of Student Affairs provides innovative services and learning opportunities to promote personal and professional development, lifetime engagement, and success.

Strategic Themes
- Safe and healthy campus community of engaged students
- Career ready graduates for successful futures
- Inclusive environments and lifelong engagement
- Delivering value through customer focused services and facilities

As educators serving a common purpose, Student Affairs and faculty are partners in student’s learning experience. Research suggests that students who are involved in campus life are more likely to remain in school, learn more, obtain better grades, have a more enjoyable college experience leading to graduation, and ultimately, greater success.

University Committee for Assistance, Response, and Evaluation (UCARE)

CHALLENGE: Available information is often scattered with various individuals having different pieces of the puzzle.

WHEN TO REPORT

If you know a student who appears to be....

- Experiencing a decline in work or academic performance
- Demonstrating disruptive or disturbing behavior
- Showing dramatic changes in appearance, behavior or weight
- Having problems at home, with classes or work
- Making disturbing comments in email, letters, web or papers
- Hyperactive, anxious or experiencing dramatic mood shifts
- Abusing alcohol or drugs
- Sad or isolating socially
- Acting paranoid or suspicious
- Frequently angry or easily frustrated
- Struggling with health problems

Revised December 2017
UCARE

SIGNS OF DISTRESS

- Decline in academic or work performance
- Repeated absences
- Requests for special considerations that aren't warranted
- Disruptive or disturbing behavior
- Dramatic changes in appearance, behavior, or weight
- Problems at home, work, or with classes
- Making disturbing comments in email, letters, online, or assignments
- Agitation, anxiety, or dramatic mood shifts
- Garbled, tangential, disconnected, or slurred speech
- Problems with alcohol or drugs
- Sod, isolating behaviors
- Excessive fatigue or sleeping in class or at work
- Paranoid or suspicious behaviors
- Frequently angry, easily frustrated, or extreme irritability
- Struggles with mental health or physical health
- Threats to self or others
- Expressions of concern about the student by peers
- Injuries
- Suspected abuse

HOW DO I REPORT?

EMERGENCY
If the student shows reckless, dangerous, or threatening behavior, call 911 or S&T Police at 573-341-4300; then submit UCARE report at ucare.mst.edu

NON EMERGENCY
If the student is showing signs of distress, but you aren't sure of the severity, contact Counseling Services or UCARE for a consultation. Submit a UCARE report if needed. If after hours or a holiday, call S&T Police at 573-341-4300.

If the student is having academic or personal problems and could use support or additional resources, refer to appropriate resources and submit UCARE report.

WHAT ABOUT PRIVACY?

FERPA allows university faculty and staff to share observations about student behavior, student statements, and concerns about students with S&T personnel who have responsibility for the welfare of students, including law enforcement. FERPA and other privacy regulations allow S&T officials to release information to police, parents, or others whose knowledge of the information is necessary to protect the safety and health of the student or others. Consideration for student privacy should be given before information is shared with people other than those suggested above. Questions about when such disclosure is appropriate can be answered by the campus general counsel.
COUNSELING SERVICES
counsel.mst.edu

Our professionally licensed counselors/psychologists provide free and confidential services on a time-limited basis to students and benefit-eligible staff and faculty.

Let us help you with
- Stress management
- Depression
- Family concerns
- Clarifying interests
- Conflict resolution
- Grief
- Motivation
- Selecting a major

MISSOURI S&T Student Affairs

MISSOURI S&T Center for Advancing Faculty Excellence
Listening and Recognizing When to Make a Referral  
Counseling Services  

Main Things to Remember  
• You play an important role AND you are not a professional counselor.  
• Listening, giving HOPE, providing support, guiding problem solving, and connecting students to resources is VERY helpful.  
• Consult and refer when concerned that you may be dealing with issues beyond your abilities/responsibilities.  
• Maintaining some emotional distance is better than becoming over involved in the other person’s problems.  
• Establishing and maintaining appropriate boundaries is also important.  

Active-LISTENING Skills  
• Good nonverbal behaviors  
• Asking open-ended questions  
• Asking closed questions  
• Paraphrasing  
• Reflecting feelings  
• Summarizing and integrating messages  
• Sharing information  
• Correcting misinformation  
• Not giving “advice” – Remember: what would be an ideal solution for you in the same situation may not be a good solution for this particular person  
• Using active listening skills to help the person come to his/her own best solution or decision  
• Helping the person see things from a fresh or different perspective  
• Brainstorming alternatives – “What are other options? What have others done in similar situations? What if...?”  
• Making appropriate referrals to other people who can help  

Questions to Ask Yourself  
• Does the behavior that the student exhibits seem out of the ordinary?  
• Is the “behavior” getting worse/better or more/less frequent?  
• Do you feel you can handle this problem or is it beyond your skills?  
• Does the behavior place anyone, including the person, in a life-threatening situation?  

Recognizing the Signs for Referral  
• Persistent & continued depression  
• Not doing well in class  
• Excessive moodiness or worry  
• Feeling lonely  
• Preoccupation with personal health  
• Homesickness  
• Sleeping and eating habits that change dramatically  
• Relationship or roommate problems  
• Talking openly about suicide  
• Poor emotional control  
• Universal mistrust or paranoia about others
How to Make a Referral

- Be informed about Counseling Services and campus resources, be able to describe our initial process with students who access them, and know how to connect students to us
- Consider consulting with Counseling Services staff, a colleague, or department chair
- Develop a plan of action, **which usually involves talking to the student.** Be prepared!
- If you are referring to Counseling or Care Coordination give specifics about contact information and location.
  - 204 Norwood Hall, 341.4211, 8:00 a.m. until 4:30 p.m. Monday through Friday
  - If the person is interested and willing, s/he can set up an initial appointment.
    - You can offer the use of your phone
    - You can offer to walk them over for their first appointment
    - After hours, we can be reached through the S&T PD (341.4300)

Reminders:

- Counseling is VOLUNTARY and FREE.
- Seeking assistance from a professional counselor is not an indication of mental illness or weakness.
- All counseling is CONFIDENTIAL (you, parents, or others in the university or community will NOT have knowledge of whether the student attends or what is said in the counseling). Unless a student is a danger to self or others or gives written permission, no information will be shared.

FERPA and HIPPA

- **Internal communication of relevant information is ok**
- Specifies acceptability for ‘health and safety emergencies’
- (HIPPA relates to medical information and doesn’t apply)

What You Can Do to Help

- Stay Calm!
- Be Prepared
- Be Informed

The Wise-Choice Process

1. What’s your present situation? (Describe the problem objectively and completely.)
2. How would you like it to be? (What is your ideal outcome?)
3. Do you have a choice here? (Yes!)
4. What are possible choices? (List lots of them.)
5. What’s the likely outcome of each possible choice? (If you can’t predict the likely outcome of an option, stop and gather more information.)
6. Which choice(s) will you commit to? (Pick from your list of choices in Step 4.)
A disability does not have to be a barrier to your academic success. The SDS office ensures that qualifying students have a level playing field on which to pursue their educational goals.

The SDS staff works individually with students to provide:

- Academic accommodations and support services within resources of S&T
- Equal access to classrooms, course curriculums, and sponsored programs
- Specialized accommodative services based on the student’s needs and documentation

COUNSELING SERVICES

STUDENT EMERGENCY FUND

The Missouri University of Science and Technology Student Emergency Fund was established by Counseling Services in 2016. The fund assists S&T students by providing financial support with unexpected emergency expenses. Students sometimes have unforeseen circumstances that greatly impact their lives. The fund allows students to meet their needs and continue their education.

EXPENSES POTENTIALLY COVERED

- Groceries
- Medical
- Books
- Safety Needs
- Personal Belongings
- Travel

APPLICATION PROCESS

1. Complete the Student Emergency Fund application thoroughly and submit any supporting documentation.
2. Meet with the care coordinator to discuss your situation.
3. Committee reviews the application and makes a decision. Criteria for approval will be based on eligibility, documentation of need, and availability of funds.
4. Payments are made directly to vendors and outside parties.

ONE TIME FUNDING OF $25 - $500 THAT DOES NOT NEED TO BE REPAYED

TUTORING

Individualized tutoring is available free of charge for a variety of courses. Our tutors are trained and understand that everyone learns differently!

86% of students who utilized the B&MSSC tutoring program in Fall 2015 either increased or retained their grade in the course they were tutored.

To find the complete tutoring schedule, visit our website at studentsuccess.mst.edu or visit the Burns & McDonnell Student Success Center in 198 Toomey Hall.

What Students Are Saying About the SSC!

“Everything you do truly helps me succeed here at S&T and I’m very grateful there’s a place like this on campus.”

“Great service. Very informational. All questions I had were answered.”

OUR MISSION

The mission of the Burns & McDonnell Student Success Center is to serve all Missouri S&T students as a campus resource that will provide high quality customer service, effective information, and support as students persist in their journey towards their educational goals.

The B&MSSC is designed for students to feel comfortable about utilizing the various resources available to them here at Missouri S&T.

The B&MSSC was developed as a campus-wide initiative to foster a sense of responsibility and self-directedness to all S&T students by providing peer mentors, caring staff, and approachable faculty and administrators who are student centered and supportive of student success.
Missouri S&T does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, age, disability, gender expression, or status as a protected veteran.

REPORT IT. HEAR IT. SEE IT.

SUPPORT (CONFIDENTIAL)

Report all incidents of discrimination, discriminatory harassment, sexual misconduct, domestic violence, sexual assault, and sexual harassment.

MISSOURI S&T
Enjoy the trip towards academic success!
You served, now let us serve you. We aim to be a one-stop shop. We provide the necessary tools to ensure that all veterans and service members can reach their educational goals. We offer the support and resources you deserve.

Mission Statement
The mission of the Student Veterans Resource Center is to serve all Missouri S&T student veterans and service members as a campus resource that will provide high-quality customer service, effective information, and support as students persist towards their educational goals.

- Enjoy our well-equipped facility.
  Sit down, study, chat, and relax. Let us be your home away from home.
- Seek information and advice from our Student Veteran Advisor and our Veterans’ Consuls. They will answer your questions about campus and collegiate life.
- Utilize our in-house resource archive for help with: academics, Veterans Affairs, GI Bill, University programs, and more!

Flags posted at our Heroes’ Field event, Nov. 2017

**Charge:**

“To provide advice and counsel to campus leadership on strategies related to faculty diversity and improvement of campus climate.”

**Major Accomplishments**

- Changes to the FMLA policy that allow extension of the tenure clock and ensures that faculty are not penalized for time taken off for family and medical matters.
- Administering a campus climate survey to female professors (all ranks), lecturers, and instructors.
- Completion of the Faculty Center located in 104 Interdisciplinary Engineering.

**Ongoing Initiatives**

- Continuing the pursuit of a Child Care Center for S&T faculty, staff, and students.
- Submission of an NSF ADVANCE proposal that will include a comprehensive plan to increase the participation and advancement of women faculty members in Science, Technology, Engineering, and Math (STEM).
- Hosting New Faculty welcome events every Fall semester.
- Continuing the pursuit of recruitment of minority faculty.
- Researching strategies for retention of female and underrepresented minority faculty.
- Working with Human Resources on salary equity issues for faculty on the S&T campus.

The Task Force meets during the academic year on the first Tuesday of the month in 216 Parker hall from 4PM-5PM.

Instructional Design and Development services (previously called Educational Technology or Ed Tech) offers instructional, pedagogical, and technological support for faculty. Talk with the instructional designers to learn about the practice of designing effective instruction using technology, media and learning theory.

Educational Technology is divided into three distinct groups:

- Learning Environments
- Instructional Services
- Media Services

**Learning Environments includes:**

- Classrooms
- Computer Learning Centers (CLCs)
- Hybrid Classrooms
- Studio Classrooms
- All software installed in these spaces.

**Instructional Services includes:**

- Consultations with our expert instructional designers
- Workshops on teaching and learning
- Course Design/Redesign: Align your goals, methods, and outcomes to improve effectiveness
- Content Development - Speak with one of our expert Instructional Developers
- Mid-term Feedback - Mid-term feedback sessions allow you to hear from your students, make course corrections and have been linked to higher end-of-term evaluations.
- Provide Faculty Resources

**Media Services includes:**

- Video Production - Produce short-term projects in our Studio Classrooms and film special events upon request
- MediaSpace - Site where distance students can access their recorded courses
- Studio Classrooms
- Webinar and Video Conferencing
- eStudio Recording

Julie Phelps, Instructional Design Team Lead, phelpsja@mst.edu
Teaching Partners Program

Participating in classroom observation, both as an observer and as the one being observed, can be a helpful practice for instructors at all stages of career.

“This program is a promising opportunity for faculty development. Whether instructors want to improve their interaction with students, their use of technology, or their communication style, faculty members should consider the Teaching Partners Program.”
–Larry Gragg, Chancellor’s Professor of History

Purpose:
The Teaching Partners Program is a voluntary, confidential opportunity for all S&T instructors who want to enhance their teaching through peer observation and feedback. The program is built on principles of respect, collegiality, and mutual sharing that benefits both the instructors and the observers.

Who:
All tenure-track, tenured, and non-tenure track faculty are encouraged to participate

Process:
Trained faculty mentors and instructional designers meet with interested instructors in a collegial pre-observation meeting, where the instructor identifies specific areas of their teaching for which they would like feedback. A date is scheduled for the classroom observation, which is followed up with a post-observation meeting. Instructors are welcome to participate in as many cycles as they find helpful.

Confidentiality:
This service is completely optional, voluntary, and confidential. The process must be initiated by the instructor, and the results of the observation will only be shared with the instructor. If desired, the results of the observation can be organized into a formal report and used in a portfolio or dossier, at the instructor’s discretion.

Getting Started:
To initiate the process, visit cafe.mst.edu, click the ‘Teaching & Student Learning’ at the top of the page, then click ‘Teaching Partners Program’. There you will find an online application form, and more information about the process.

Not ready to participate?
Consider observing the classroom of a colleague. For a list of faculty willing to be observed, visit cafe.mst.edu/mentoring/classroomobservation

Questions? Contact Julie Phelps, Instructional Design team lead, at phelpsja@mst.edu; or CAFE at cafe@mst.edu
Optional Syllabus Template

A course syllabus can be a valuable tool for communicating expectations between instructors and students. All faculty are encouraged to provide their students with a course syllabus. Faculty are welcome to use the syllabus template below in any part or in its entirety.

Policies:

**Academic Integrity**

Each student, instructor, and staff member share responsibility for academic integrity at Missouri S&T. Types of academic dishonesty include: 1) **Cheating** is the use, dependance upon, or possession of unauthorized materials in class, on homework, quizzes, tests, or examinations; or knowingly providing unauthorized assistance to another student. 2) **Plagiarism** is the use of another person’s work or ideas without proper citation, whether by paraphrase or direct quotation. 3) **Sabotage** is interfering with, modifying or destroying the work or intellectual property of another member of the University without permission. Academic dishonesty will result in any of the following possible sanctions: warning, probation, loss of privileges, discretionary sanctions, university dismissal, suspension, or expulsion. For more information, visit academicsupport.mst.edu/academicintegrity

**Title IX**

Missouri S&T is committed to the safety and well-being of all members of its community. US Federal Law Title IX states that no member of the university community shall, on the basis of sex, be excluded from participation in, or be denied the benefits of, or be subjected to discrimination under any education program or activity. Furthermore, in accordance with Title IX guidelines from the US Office of Civil Rights, Missouri S&T requires that all faculty and staff members report any notice of sexual harassment, abuse, and/or violence (including personal relational abuse, relational/domestic violence, and stalking) disclosed through communication including but not limited to direct conversation, email, social media, classroom papers, and homework exercises. Contact interim chief diversity officer Neil Outar at naoutar@mst.edu or (573) 341-6038 to report Title IX violations.

**Accessibility & Accomodations**

It is the university’s goal that learning experiences be as accessible as possible. If you anticipate or experience physical or academic barriers based on disability, please contact Student Disability Services at (573) 341-6655, dss@mst.edu, visit http://dss.mst.edu/ for information, or go to mineraccess.mst.edu to initiate the accommodation process.
Classroom Egress Maps:
Faculty should explain where the classroom emergency exits are located. Please include a statement in your course syllabus asking the students to familiarize themselves with the classroom egress maps posted on-line at: http://designconstruction.mst.edu/floorplan

LEAD Learning Assistance
The Learning Enhancement Across Disciplines Program (LEAD) sponsors free learning assistance in a wide range of courses for any student who wishes to improve their mastery of content. LEAD assistance starts no later than the third week of classes. View the online schedule at http://lead.mst.edu/assist

The Burns & McDonnell Student Success Center
The Student Success Center offers a quiet environment where you can come to relax between classes, study using a variety of resources, or utilize programs and activites to enrich your educational experience. The center offers peer mentoring, caring staff, and approachable faculty and administrators who support student success. Visit the center at 198 Toomey Hall, (573) 341-7596, success@mst.edu

[Note to faculty: the policy excerpts are updated every year by the Office of Academic Support. Should you have any questions, please contact them at (573) 341-7276]
Canvas: S&T's Learning Management System

NEW TO CAMPUS? CHECK OUT THIS SHORT PRESENTATION!

Opening Week Canvas Presentation

GENERAL INFORMATION

What is Canvas? - Learn more about this 21st century, revolutionary learning management system.

Which browsers support Canvas? - Canvas generally supports the most recent versions of Internet Explorer, Firefox, Chrome, and Safari, as well as the mobile versions of each.

What are the basic computer specifications for Canvas? - Canvas will work on a wide variety of computer systems, but it is usually best to have a computer that is no more than 3-5 years old.
   *The standard lifecycle of computing technology is around 3-4 years*

Will Canvas work on my mobile device? - Canvas has apps available for both students and instructors on iOS and Android devices. The Canvas by Instructure app (iOS, Android) is the Student version of the app and allows students to do nearly anything in the app as they would be able to do on the web version. The Canvas Teacher app (iOS, Android) is the Instructor version of the app and allows the instructor to edit their courses, maintain their assignments and quizzes, and grade assignments all on a mobile device.

How do I enter a custom grading schema? - By default, a grading schema is added to all courses in Canvas. A tutorial is linked here to watch.

How do I upload final grades from Canvas to JoeSS? - The grade export tool is now available to use in Canvas. This allows you to take your midterm and final grades from Canvas and import them into JoeSS. Here is a video of the process.

STUDENT AND INSTRUCTOR GUIDES

Canvas has many resources to help students and instructors get started using Canvas.

These resources are complemented by our own Canvas Video Tutorials.

You can also contact Educational Technology directly for any assistance you may need when using Canvas.

CANVAS COMMUNITY

The Canvas Community is home to many guides on the features of Canvas as well as a place to give ideas for the future of Canvas, find answers in the guides provided by Canvas, ask questions of fellow users of Canvas, and join groups to share information about what you have learned about Canvas.
Textbooks and Course Materials

THE S&T STORE IS HERE TO HELP YOU DIG DEEPER

Textbook Adoption Process
The S&T Store uses the Verba Collect System to process textbook adoptions. All instructors that have a course(s) assigned for the upcoming semester will be emailed a personalized link to access the Verba Collect site. You will be prompted through the process of submitting adoptions for your assigned courses once you access the site. Once your selections are made, they are downloaded into our store’s inventory management system for review and adjustments as necessary.

Textbook Selections
The S&T Store offers students digital, used, and new textbooks as part of its overall textbook selection. We also offer rental textbooks as a way to help reduce students’ overall cost of education.

S&T Custom Publishing
Create a custom reader for your course to fit your teaching style! Simply handpick the materials you want to provide students, and submit that list to us. We will start the process of making sure your reader is copyright compliant and keep you informed while creating your custom reader.

AutoAccess
AutoAccess is a collaborative program between The S&T Store, faculty, and publishers. Students that are enrolled in an AutoAccess course will receive required course materials at a reduced cost compared to the national average. AutoAccess provides access to critical educational resources through Canvas on the first day of class, has robust interactive digital content and ebooks, and increases student engagement. Using AutoAccess also helps save S&T students on average $128.16 per AutoAccess title.

Open Educational Resources
Open Educational Resources (OER) are teaching and learning materials that are freely available online for everyone to use, whether you are an instructor, student or self-learner. Please visit www.umsystem.edu/ums/aa/oer to learn more about this UM System initiative.

S&T Custom Course Materials
Does your course need specialized course material items or custom kits, such as art kits, drafting kits, geology kits, robotics kits or something else? We can create custom kits to meet your needs!

S&T Custom Merchandise
The S&T Store can customize clothing, gifts, and more for your department or organization. All custom merchandise proceeds stay on campus.

Course Evaluation FAQs

Here are the answers to commonly asked questions about end-of-semester course evaluations:

1. Where can I access my end of course evaluations?
   a. https://itweb.mst.edu/auth-cgi-bin/cgiwrap/instevals/evals/displayResults.pl

2. When can I access my end of course evaluations?
   a. The day after grades are posted.

3. When are the course evaluations available for students to fill out?
   a. The two weeks before the last day of classes.

4. How can department chairs access their faculty’s end of course evaluations?

5. What information is available to department chairs?
   a. Only the numerical scores; not the student comments, unless the individual faculty member makes them available.

6. What are the seven standard questions on the course evaluations?
   a. Evaluate this course, independent of the instructor’s effectiveness, in terms of its educational value to you.
   b. Rate the instructor’s use of assignments and tests for facilitating your learning of the subject matter.
   c. Rate the instructor’s concern for your understanding of the material.
   d. Rate the instructor’s preparation for class.
   e. Rate the instructor’s ability to communicate.
   f. Rate the instructor’s ability to stimulate and motivate you.
   g. Rate the overall teaching effectiveness of this instructor.

7. How can I add different questions to the end of course evaluations?
   a. By putting in a helpdesk ticket at help.mst.edu with up to three questions that you would like to add.

8. What if students in my course are not receiving a link to the course evaluations?
   a. Please contact Kristy Giacomelli at the registrar’s office for help, x4224.

9. Are summer courses evaluated?
   a. Summer courses are not automatically evaluated. Instructors must initiate this process by requesting it from the CET committee at least three weeks prior to the evaluation period.

10. How can I contact the Committee for Effective Teaching (CET)?
    a. The CET is a Faculty Senate Committee, and the membership is listed on the Faculty Senate website: http://faculty senate.mst.edu/.

11. How can I increase participation in my end of course evaluations?
    a. There are several strategies available, however, the option that is recommended by the CET committee is to allow students a few minutes of class time to complete the online evaluation using a mobile device. Another method is to do mid-course evaluations with staff instructional designers and let students know you are serious about receiving their feedback. Contact edtech@mst.edu for more information.

12. How do I use course evaluation scores in my portfolio for promotion and/or tenure?
    a. CET scores should only be part of the story you tell about your teaching. Go here for some expert advice from the Curators’ Teaching Professors on this topic.
Seven Principles for Good Practice in Undergraduate Education

As approved by the Faculty Senate (4/17/2003) of Missouri University of Science & Technology

**Principle 1: Encourage Student-Faculty Contact**

Frequent student-faculty contact is a key factor in student motivation, involvement, and learning. Faculty concern helps students get through rough times and continue to strive for success. Devise methods that actively and successfully promote student-faculty contact with both individual students and larger groups of students.

**Principle 2: Encourage Cooperation among Students**

Learning is enhanced when it is more like a team effort than a solo race, and working cooperatively with others often increases students’ involvement in their own learning. Sharing ideas and responding to others can sharpen thinking and deepen students’ understanding of the material at hand. Take positive, proactive steps to ensure that meaningful and effective cooperative learning takes place among groups or teams of students.

**Principle 3: Encourage Active Learning**

Learning is not a spectator sport. Most students do not learn very well or retain information very long by sitting passively in classes, memorizing pre-packaged assignments and spitting out answers. Students need to ponder what they are learning, express it in a variety of ways, relate it to past experiences, and apply it to new situations. Promote active learning by creating regular opportunities for students to engage deeply, directly, and creatively with course material.

**Principle 4: Give Prompt, Frequent, Informative Feedback**

Students who know where they stand in a course are better able to gauge their strengths, their weaknesses, and what they must do to succeed. To reach their full potential, students require appropriate feedback about their current level of personal understanding and mastery of course content. Provide students with frequent assessments of their achievement level and offer them specific suggestions as to how they can improve their performance.

**Principle 5: Emphasize Time on Task**

There is no substitute for time on task—the time students spend actively engaged with course material. Learning to manage one’s time effectively is critical for success in the classroom, yet many students struggle to acquire and maintain this important skill. Devise course strategies that ensure students spend productive time on their coursework, and hold them accountable for learning the assigned material.

**Principle 6: Communicate High Expectations**

High but attainable expectations are important for everyone—for the poorly prepared, for those unwilling to exert themselves, and even for the bright and motivated. Expecting students to
perform well can become a self-fulfilling prophecy when faculty clearly express their goals and how students can accomplish them. Convey to students that they have individual responsibilities in achieving these high goals, and demonstrate that you are willing to help them succeed in this.

**Principle 7: Respect and Encompass Diverse Talents and Learning Styles**

Recognize and accept that students learn in many different ways. Many talented students do not share the same learning styles and internal motivations as their teachers. Some might learn better by hearing information out loud, seeing something written down, or witnessing concepts represented in visual or physical ways. Incorporate a range of teaching approaches into your courses, in varying degrees, which allow for different styles of learning.

---

**Teaching Tips to Promote Better Learning**

**Suggestions for preparing and delivering your first class**

1. Go to the room where you will be teaching the day before the class and check that you know where everything is, that you know how to operate the screen and the lights and the computer hookup, and that the software is working.
2. If you have checked out the class the previous day, then on the day of the class you should still go early, but after a very quick check of the equipment, use the time before class begins to just chat with students as they drift in.
3. I am sure that you will know the material well, so concentrate more on looking at the class, making eye contact, and speaking loud and clear. Most instructors talk to the "T," those students who sit in the front rows and in a line up the middle. What you should do is talk to the "U," those students who occupy the back rows and down the sides. If you speak to them, and make eye contact with them, you will project your voice adequately and will capture the T students as well.
4. You may be nervous, but that's ok. Being a little nervous is good for giving a good lecture.
5. In preparing for the class, remember that you cannot really teach more than three or four significant ideas. Everything else you teach should relate to those ideas. You can put those ideas in the form of a lecture outline on the board or screen and then, as you complete one section and move to the next, you can check it off. This helps students to keep track of the big picture and not get lost in the details.
6. Try not to over-prepare and end up with too much material that you rush through at the end. When teaching for the first time, it is hard to know how much is enough, and teachers are so afraid of running out of material that they put in far too much. What you can do is prioritize your material into what you must do, and other stuff that you will do if you have time at the end.
7. Know how you want to end the class and make sure that you segue to that end as time runs out, rather than letting the class end on an incoherent and confused note.
8. Start promptly on time and end promptly on time.
9. Dress to set the tone for your class. Professional dress signifies to students that you are taking the course seriously.
10. It is good to periodically ask for questions but most people don't wait long enough for students to respond. Count silently to ten before moving on and, while counting, keep an eye
open for students who look puzzled but are not raising their hands. You can speak to them directly, saying something like, "You look a little puzzled. Was something not clear? What questions do you have for me?"

11. It is really important to respond to questions respectfully, even if the question sounds trivial to you.

12. If a student asks a question, treat it as if it is a question from the whole class, and after initially looking at the student, shift your gaze to the whole class when you answer. It is fine if the student asks a follow-up question, but avoid more than three brief exchanges with the same student. Then you should say, "Let's discuss this after class."

13. If a student asks you something for which you do not know the answer (even after clarification), don't try to bluff, but say that it is an interesting question to which you don't know the answer right now but to talk to you after class and that you will investigate the issue and get back to him/her. This is particularly effective when you have the occasional smart-aleck who wants to show off by stumping the professor and asks questions involving esoteric stuff like, "But what about the implications of the Smoot-Hawley tariff?" Saying you will research the question and get back to them is better than bluffing because students can usually tell when you are faking knowledge. Realizing that one need not know everything off the top of one's head also removes a lot of the pressure to prepare error-free, comprehensive lectures.

14. Humor is tricky and should be used with caution. Keep in mind those who may not think something is humorous, and consider different cultures, genders, abilities etc.

15. Make the first day count.
   - Start the class with an experiential exercise that gets the students conversing with each other. Make it intriguing, for example, a small puzzle to solve that involves course content, or a fascinating demonstration of some sort with a follow-up discussion. Make it interactive (e.g., having students work in small groups of 3-4 and have a few report what they discussed.) Leave them “wanting more.”
   - Try to put a few names with the faces that are in your course. You can check Joe’SSS for the roster as there will also be student pictures available.
   - Explain why you are teaching this course. What do you love about the subject you are teaching? Passion expressed through the sharing of one’s love for their topic can help grab the attention of students. Start each day talking about why this topic is important to you as a chemist, a psychologist, a historian, a political scientist, etc. Passion is extremely contagious and your students will get the bug for the content.
   - Don’t just read the syllabus to the students. Start by taking students on a journey through your class. Where does the journey end (course objectives and outcomes) and how are we going to get there? Consider the flow of this journey description. What are the key elements of the journey? How does learning occur in this course? Thoroughly discuss the notion of shared responsibility with your students. What is expected of them (e.g., preparation, appropriate behaviors) and what do you expect of yourself (creating exercises that applies what they prepare and makes it relevant to them). Go over performance indicators last, but in detail (i.e., tests, assignments, grading, etc.) End on a note of encouragement.
Research & Scholarship
Research Centers

Center for Biomedical Research
Mission: Research and develop advanced biomaterials, devices and therapeutics for applications in the biomedical industry
Location: 225 Schrenk Hall
Website: cbr.mst.edu
Email: cbr@mst.edu
Phone: (573) 341-6529
Director:

Center for Infrastructure Engineering Studies
Mission: CIES seeks to be the primary conduit for communication among faculty members on the Missouri S&T campus interested in infrastructure studies through the following mechanisms: interdisciplinary R&D, student education, technology transfer, proposal assistance
Location: 223 Engineering Research Lab
Website: cies.mst.edu
Email: cies@mst.edu
Phone: (573) 341-4497
Director: Kamal H. Khayat

Center for Research in Energy and Environment
Mission: CREE serves as a focal point for research, development, and deployment activities related to energy and environment technologies and in particular the energy/environment nexus.
Location: 110 Engineering Research Lab
Website: cree.mst.edu
Email: cree@mst.edu
Phone: (573) 341-4193
Director: Philip Whitefield

Intelligent Systems Center
Mission: to provide interdisciplinary research environment in which faculty from various departments can cooperate and conduct research on sponsored projects involved real physical systems with special emphasis on an intelligent (smart) systems approach.
Location: 320 Engineering Research Lab
Website: isc.mst.edu
Email: winsteadl@mst.edu
Phone: (573) 341-4908
Director: Ming Leu
Materials Research Center
Mission: to provide the finest possible graduate educational experience in materials engineering/science through fundamental and applied research on ceramics, metals, polymers, glass, composites, and coatings. To be a Center for Excellence for materials research and to be a campus resource for major research equipment.
Location: 101 Straumanis-James Hall
Website: mrc.mst.edu
Email: mrc@mst.edu
Phone: (573) 341-4873
Director: William Fahrenholtz

Rock Mechanics and Explosives Research Center
Mission: provides research leadership in a broad range of scientific and engineering fields with emphasis on activities centered on or related to the mineral resource lease.
Location: 1006 Kingshighway
Website: rockmech.mst.edu
Email: rockmech@mst.edu
Phone: (573) 341-4368
Director: Norbert Maerz

Environmental Research Center
Mission: to establish the infrastructure and coordinated faculty base to conduct a wide range of large-scale externally-funded research initiatives designed to protect public health from emerging contaminants
Location: 201 Butler-Carlton Hall
Website: erc.mst.edu
Email: erc@mst.edu
Phone: (573) 341-6908
Director: Joel Burken

Center for Science, Technology, and Society
Mission: provides an intellectual space for scholars and students to work together on critical issues related to technical problems and controversies from a global and interdisciplinary perspective
Location: 118 Fulton Hall
Website:
Email: kdrowne@mst.edu
Phone: (573) 341-6699
Director: Kate Drowne
Office of Sponsored Programs (OSP)

Contact Information:
202 Centennial Hall
573-341-4134
Email: research@mst.edu
Web: http://sponsoredprograms.mst.edu
Dr. Costas Tsatsoulis, Vice Provost for Research and Dean of Graduate Studies

How OSP can assist
● Assist faculty with finding and developing proposals for grants
● Register your profile in COS PIVOT
● Request help of a grant writer and/or technical illustrator

Proposal Development and Submission Assistance:
Email your proposal preparation requests to research@mst.edu, and an OSP specialist will follow up with you.

Services Provided by OSP
● The financial administration of sponsored awards is a shared responsibility and collaboration between the Principle Investigator (PI), Campus, and University of Missouri System. The University realizes the importance of the PI performing research, and as a result of accepting federal awards for sponsored activity there are certain obligations and responsibilities which need to be adhered to in the form of the Office of Management and Budget (OMB) Uniform Guidance and University Policies and Procedures. The PI should seek advice and guidance from the knowledgeable experts in the Office of Sponsored Programs.
● The OSP is responsible for monitoring compliance with applicable regulations, policies, and terms and conditions of the award. See BPM 210, Sponsored Programs for detail requirements and responsibilities. The guide covers the following topics:
  o Project Planning/Proposal Submission
  o Award Set-Up
  o Operations During the Award
● Guidance is given on the following topics: Direct Costs, Effort Verification Reports (EVRs), Cost Transfers, Cost Sharing, Subrecipient Monitoring, Conflict of Interest, Research Misconduct, Authorship, Protocols and Approvals, Intellectual Property and Copyrights, Record Retention, and References.

Helpful Links:
● Proposal Preparation/ Management Forms & budget templates:

Office of Technology Transfer and Economic Development

Contact Information:
Keith Strassner, Director
Suite 145 @ Technology Development Center
http://ecodevo.mst.edu
kdstrass@mst.edu
573-341-6725

Technology Transfer Office (TTO)
- Administers intellectual property developed by MS&T researchers as a result of MS&T employment or use of the university resources
- Identifies and evaluates new technologies
- Promotes innovation and supports university research through collaborative agreements
- Pursues University patent or copyright protection for faculty research
- Facilitates commercialization of university inventions
- Identifies partners and negotiates license agreements for University technology
- Provides training to faculty and research teams on Intellectual Property issues
- Provides review and support for Non-Disclosure Agreements (NDA) with industry
- Provides target funding for commercialization of University technology

Small Business Technology Development Center (SBTDC)
- “One stop shop” for Entrepreneurship and Business Development
- Assistance with business creation to commercialize research
- Assist with SBIR/STTR information, topics and submissions
- Business training and counseling to support growth and expansion of new or existing businesses
- Lean Launch Pad training
- Provide guidance and support for business funding: Debt (Loans), Equity (Venture capital, Angel Investment) or crowdfunding

Technology Development Center @ Innovation Park
- Class “A” office space for Faculty and Student businesses
- VentureLab™ provides resources, space and service to launch new ventures.

Staff
- Deena Aaron – Admin. Assistant – ext. 7584 aarond@mst.edu
- Karen Leatherman – Business Development – ext. 4551 leathermank@mst.edu
- Travin Shelton – Business Development – ext. 6272 sheltontt@mst.edu
- John Woodson – Sr. Licensing Associate - ext. 7544 jwoodson@mst.edu
- Casey Gideon-Saladin, Business Support – Paralegal – ext. 7263 gideonc@mst.edu
Institutional Review Board

Chair: Dr. Kathryn Northcut
Email: northcut@mst.edu
Office: 216 HSS
Phone: (573) 341-6498

The following information was taken from the Institutional Review Board website at irb.mst.edu

Steps for approval of research at Missouri S&T with human subjects:

1. All key personnel involved in conducting research should complete Human Subjects Training. To start the process, visit https://about.citiprogram.org/en/homepage
2. Once on the training site, use the Create an Account “register” button to access Missouri University of Science and Technology trainings. After the training is complete, file the completion form with the irb office by emailing irb@mst.edu
3. Complete the initial application MSTIRB1 form, found on irb.mst.edu, and submit electronically to irb@mst.edu with attachments, if appropriate.
4. Allow for two weeks for your application to be reviewed, even if it is for an exempt or expedited application

For more information, visit irb.mst.edu, or contact Kathryn Northcut.
