

S&T Connect

Utilizing the student folder

Overview

Provides basic student information, including (but not limited to): academic program, plan & standing, GPA information, course enrollment status. Also displays the students ID and email.

Courses

Shows course enrollment will also display withdrawn or dropped status. In progress grades may be displayed if the instructor is using the gradebook in canvas.

Tracking

Displays raised flags, kudos, referrals, or to-do. A great way for to reinforce services that are available to students and help them take action to reach their goals.

Meetings

Reinforces previous conversations in one central record. Displays meetings that student has had within your area as well as around the campus.

Notes

This consists of all interactions with students across campus. This includes, appointment outcomes, tracking item comments, and notes in general.

Network

This will include any individuals that assist in the support of our students. Includes Advisors: academic as well as Financial Along with residential hall coordinators.

*Elements above are based off your access to S&T Connect

This service is intended to give the an overall picture of the students academic journey and promote success.
