

Grant Recipient

Dr. Nicolas A. Libre
Assistant Teaching Professor
Department of Civil,
Architectural and
Environmental
Engineering

Activities

- ❖ What did you do?
 - Attended various presentation and technical sessions. Attending 2 technical committee as voting member and 2 others as associated member.
 - As a lead of a document development team of committee 238, I submitted the draft for balloting. The comments and feedback were collected for final draft.
 - Meeting with committee members, active researchers and leaders in the concrete fields.

Proposal

- ❖ October 14-18, 2018. Las Vegas, NV, American Concrete Institute (ACI) convention
- ❖ Registration \$699, hotel \$301
- ❖ The ACI concrete convention is the most influential event in the field of concrete materials and design. As a member of several technical committees, I need to actively participate in the convention once a year.

Outcomes

- ❖ Networking with peer researchers and leaders in the concrete field
- ❖ Following with the current research collaborators and opening new collaboration opportunities
- ❖ Increased visibility of the S&T concrete research group
