

Grant Recipient

Dr. Grace Yan
Assistant Professor
Civil, Architectural and
Environmental Engineering

Activities

- ❖ What did you do?
 - I gave a presentation and met with a fund manager from National Oceanic and Atmospheric Administration (NOAA). I met with a collaborator on my NSF project and discussed our research progress.
- ❖ I met and networked with researchers from meteorology, wind engineering, structural engineering and social science through this event.

Proposal

- ❖ Oct 13-15, Urbana, IL
- ❖ Requested \$500 for registration fee, mileage and hotel.
- ❖ This is to attend the 2019 Tornado Hazard Wind Assessment and ReducTions Symposium (THWARTS) workshop.

Outcomes

- ❖ Anticipated benefits of the trip: Improve the research reputation of Missouri S&T on extreme winds.
- ❖ Expected follow-on activities: Submitted a NOAA proposal.
