

Grant Recipient

Dr. Jonghyun Park  
Assistant Professor  
Mechanical Engineering

Activities

- ❖ What did you do?
  - Research presentation (7 from the group and 2 from the collaborative group)
  - Meet with potential research sponsors (IBM, Shell)
- ❖ Who did you meet with or network with?
  - Meet with potential research partners (Professor at the University of Washington, Researcher from NREL)

Proposal

- ❖ 235th ECS (Electrochemical Society) Meeting
- ❖ May 26-30, 2019; Dallas, TX
- ❖ ECS biannual meetings are a forum for sharing the latest scientific and technical developments in electrochemistry and solid state science and technology. Scientists, engineers and industry leaders come from around the world to attend the technical symposia, poster sessions, and professional development workshops.

Outcomes

- ❖ Form a new network by meeting new scholars.
- ❖ Learn the future research trends.
- ❖ Obtain feedbacks from the experts in the field.
- ❖ Can meet potential industrial partners.
- ❖ Disseminate the work.
- ❖ Find a chance to have good graduate students.
